

Dear Community Member:

Public libraries go beyond just books. At the Roseland Free Public Library, we consistently present a variety of engaging programs for children and teens, health and wellness classes, and cultural events. Our updated technology enabled us to continue serving our community during the pandemic and provided electronic resources to Noecker students. We are also excited to announce that our newly renovated teen/tech space will include 3D printing workshops.

These extra resources and services that keep us on track with 21st century learning, as well as on the forefront of our community, have been made possible through donations and fundraising. For this year, we have set even more goals to better serve our patrons. We are holding a Mini Golf Fundraiser to help raise funds toward some much-needed renovations - upgrading the library community room to include a stage for concerts and lectures, as well as new audio/tech equipment, and building an addition to accommodate our health and wellness programming.

Our two-day Mini Golf Fundraiser will be hosted at the library starting on the evening of Friday, May 20, with an adult cocktail and appetizer fundraising kickoff event, followed by a family fun day of mini golf on Saturday, May 21.

Your contribution will add to the success of our fundraising event and to the growth of the invaluable community resource that is The Roseland Free Public Library. The library and community at large appreciate your support.

Sincerely,

The 2022 Mini Golf Committee
